## Cheese of the Month **GEMMA**

A Little Gem or Jewel

Gemmas are our newest creations ... mild and creamy little discs cheese made from cow's milk. They are crowned with both savory and sweet toppings.

They are perfect for serving all together ... or individually, each can add a spicy or sweet accent to another cheese selection.

## SIX LITTLE GEMS

### Dried Cranberries

Dried cranberries may be small, but they pack a big burst of flavor in every tart, tangy, and exceptionally bright cranberry. Cranberries have high nutritional value, coupled with some great medicinal characteristics that make them a go-to fruit for all seasons.

### Toasted Fennel Seed

Fennel is a vegetable. It is white fibrous bulb with feathery green fronds growing out of the top. When the fennel blooms its yellow flowers produce aromatic seeds that have an anise/licorice flavor. When toasted they have an earthy sweet flavor.

### Crystalized Ginger

Ginger is a hot and flavorful spice that has been celebrated for more than 5,000 years, traded along the earliest spice routes, and coveted by kings, and even promoted in the Talmud as a zesty and delicious means to cure whatever ailed any part of the body, from problems with eyesight to digestive issues. When slices of fresh ginger are cooked in a sugary syrup and then dried and coated in sugar, they are called Crystalized Ginger.

### Juniper Berries

Juniper Berries are actually seeds that grow on Juniper trees. They have a pleasantly pungent flavor with a woody fresh taste. They are a bit spicy with a floral fruity essence. It is a strong unique and distinctive flavor that is earthy and piney. They are often used when cooking game.

### Soft Dried Orange Slices

Oranges have a sweet-tart flavor. A traditional Christmas gift for children in days gone by, oranges are one of the world's most popular fruits. Besides their nutritional value, oranges also have a pleasant effect on our minds. Oranges contain volatile essential oils, which alleviate stress and nervousness. These orange slices have been cooked in a sugary syrup and the rind is intended to be eaten.

### Star Anise

Star anise is an ancient spice from Asia. It has an aroma and flavor that is warm, sweet, and spicy. It's reminiscent of licorice, clove, and anise seed.
